

KRAMER

C-A35M/IRRN

3.5mm to IR Receiver Cable

Kramer's C-A35M/IRRN is an IR receiver cable designed as a companion to a Kramer infrared repeater such as the PT-4iREX that has an external remote IR receiver input.

FEATURES

- **Quality Construction** - The compact IR receiver module is mounted to a 15.2m (50ft) cable terminated with a molded 3.5mm connector.
- **Available Lengths** - Available in versions of 0.9 and 15.2m (3 and 50ft).
