

power & USB charging on the desktop

Bring the power up to you! Wiremold® Desktop Power Centers, with surge-protected power outlets and USB charging, give you added capacity, functionality, and convenience.

Capacity: 3 power outlets + 2 USB charging connections that supply 2.1A.

Functionality: These stylish modules can mount using an existing round desk hole grommet or with the edge clamp included in each package.

Flexibility: The 6' power cord allows users to connect to a power source located on the floor or the wall.

Don't struggle to find extra power outlets. Wiremold® Desktop Power Centers provide the convenience of ready access to power...within your reach!

Features & Benefits:

- **Add power where needed.** Brings access to power up to the work surface.
- **USB charging outlets.** Accommodate a variety of consumer electronics, including phones and tablets.
- **Ideal for desk or work table.** Included edge clamp or hole mounting hardware provide everything you need to install the unit to any work surface.
- **Accommodates round hole openings from 1 3/4" to 3".** Unit accommodates a range of available standard openings to provide more installation flexibility.
- **6' power cord.** Provides increased flexibility by extending access to power sources.
- **Surge protection built-in.** No need to install an additional power management component.
- **Listed to U.S. & Canadian safety standards.** cETLus Listed for furniture power distribution units.

When you need to bring power up to the work surface, choose the Wiremold® Desktop Power Center.

Everything you need for mounting on your work surface, whether along the edge or through an existing cord drop opening.

Wiremold® Desktop Power Centers brings surge-protected power and USB charging outlets up to the work surface by utilizing existing cord drop openings in office desks and table tops or by mounting onto the edge of a desk or table top.

Install through an existing cord drop opening.

Install on the edge of a work surface.
