

KRAMER

ADC-DM/DF+GF

DVI-I (M) to DVI-D (F) & 15-pin HD (F) Adapter Cable

Kramer's **ADC-DM/DF+GF** is a short two-headed cable, approximately 1 foot in length, designed to break out digital DVI and analog VGA signals from a compatible DVI source.

FEATURES

- **Quality Construction** - Molded connectors, rugged jacket, and gold plated connectors are used for outstanding performance and long life.
- **Compatibility** - Some DVI output cards are able to output both DVI-D (digital) and DVI-A (analog) either simultaneously or independently. This adapter provides access to both formats. Always verify compatibility details for the source/destination in your application.
