

Introduction

Atlona LinkConnect™ H2H High Speed HDMI to HDMI cables provide reliable, consistent AV performance, and come with an Atlona Advantage lifetime warranty. The LinkConnect family of cables includes a comprehensive range of options for connector type, length, and budget, so it's easy to customize to fit any application.

Designed to work with the Pocket 3H (AT-PKT-3H) tabletop cable access enclosure and an Atlona switcher installed below the table, LinkConnect H2H cables offer you the right length to minimize excess cable. This combination helps ensure a clean, uncluttered meeting space minimizing in-room cable issues.

Key Features

Installation made easy

- LinkConnect cables can be ordered with other Atlona equipment and arrive onsite together.
- Single source supplier minimizes installation delays and ensures compatibility.

Available in 1, 2, and 3 meter (3.3, 6.6, and 9.8 feet) lengths

- Get the cable length you need for your specific installation.
- Provide an uncluttered, tangle-free meeting room or workspace.

Locking HDMI connector

- Ensure a secure cable connection to compatible Atlona equipment.
- Eliminate errors due to improperly connected cables.
