« {ELLORA} Think we're hiding something? You may be right. Byrne's Ellora is a simple, yet stylish way to bring power and data up to the work surface. Building on the popular aesthetics of the Byrne MHO line with anodized aluminum construction, Ellora's smart design keeps cable clutter out of sight by allowing use while the lid is shut. Each unit includes a voice data adapter kit (A/V adapter kits and voice/data jacks sold separately). Ellora is UL Listed and available in 15 amp cord, Byrne Interconnect or hardwire versions. To learn more, visit us at www.byrne-electrical.com. »
