

FURMAN®

IT-REFERENCE 20i

DISCRETE SYMMETRICAL AC
POWER CONDITIONER, 20A

- Discrete Symmetrical Power with Dual Screen Technology cancels hum inducing noise from audio and video
- Five discrete power banks eliminate intercomponent interference and noise
- Power Factor Technology provides surplus current for power-starved amplifiers
- Linear Filtering Technology for unequaled audio / video clarity
- Virtually maintenance-free AC surge suppression
- Detachable surge suppression module for telco and cable / satellite connectors

IT-REFERENCE 15i

DISCRETE SYMMETRICAL AC
POWER CONDITIONER, 15A

- Discrete Symmetrical Power with Dual Screen Technology cancels hum inducing noise from audio and video
- Power Factor Technology provides current on demand for power-starved amplifiers
- Linear Filtering Technology for unequaled audio / video clarity
- Series Multi-Stage Protection provides virtually maintenance-free AC surge suppression
- Three HD ready bidirectional coaxial surge suppression modules
- Detachable telco surge suppression module

SPR-20i

STABLE POWER AC VOLTAGE
REGULATOR, 20A

- Provides an ultra-stable 120 VAC supply from low or high voltage sources
- Linear Filtering Technology for unequaled audio / video clarity
- Series Multi-Stage Protection provides virtually maintenance-free AC surge suppression
- Cool running, noise free technology allows placement in critical listening environments
- Detachable surge suppression module for telco and cable / satellite connectors

reference series

advanced power management solutions for the most demanding audio/videophile home theater systems

ELITE-20 PF i

ULTRA-LINEAR FILTERING
AC POWER CONDITIONER, 20A

- Power Factor Technology provides over 55 Amps peak charge surplus current for power-starved amplifiers
- Ultra-Linear Filtering Technology for stunning audio and video clarity
- Series Multi-Stage Protection provides virtually maintenance-free AC surge suppression
- Zero ground contamination circuitry protects critical digital components
- Ultrasonic bi-filtering isolates digital and video circuits from analog components
- Retractable LED lamps illuminate a cabinet or rack full of equipment
- 12 Volt triggering for remote control

ELITE-15 PF i

LINEAR FILTERING AC
POWER CONDITIONER, 15A

- Power Factor Technology provides over 45 Amps peak charge surplus current for power-starved amplifiers
- Wide bandwidth Linear Filtering Technology for stunning audio and video clarity
- Series Multi-Stage Protection provides virtually maintenance-free AC surge suppression
- Zero ground contamination circuitry protects critical digital components
- Retractable LED lamps illuminate a cabinet or rack full of equipment
- 12 Volt triggering for remote control

ELITE-15 DM i

LINEAR FILTERING AC
POWER CONDITIONER, 15A

- Linear Filtering Technology for unequaled audio and video clarity
- Series Multi-Stage Protection provides virtually maintenance-free AC surge suppression
- Laboratory grade dual voltage and current meters
- Zero ground contamination circuitry protects critical digital components
- 12 Volt triggering for remote control

ELITE-15i

LINEAR FILTERING AC
POWER CONDITIONER, 15A

- Linear Filtering Technology for unequaled audio and video clarity
- Series Multi-Stage Protection provides virtually maintenance-free AC surge suppression
- Zero ground contamination circuitry protects critical digital components
- 12 Volt triggering for remote control

elite series

advanced power management solutions for moderate to high end home theater systems
