The YVC-200 is a Portable USB and Bluetooth® speakerphone that enables natural and reliable remote communication no matter where you work. From casual meetings to discussions for creating ideas, the YVC-200 provides a productive remote conversation with simple connection to your devices. Bring it in your bag and take the office outside!

Key Customer Benefits

- **Boost productivity with exceptional remote conversation**

With Yamaha's leading sound processing technologies, the YVC-200 delivers full-duplex conversation without sound dropouts, even when multiple people are speaking at once. In addition, a powerful speaker delivers audio that sounds true to life, so it feels as if every remote participant on the call is in the room. With the YVC-200, users can easily hear what's being said and be heard, enabling highly productive team collaboration from anywhere.

- **Collaborate freely anytime, anywhere**

Equipped with USB and Bluetooth with fast pairing to NFC-enabled devices, the YVC-200 provides smart and simple connection with multiple devices, OSs and conference applications. The built-in rechargeable battery provides up to 10 hours of operation. You can start a meeting anytime, anywhere, including ad-hoc meetings in the office or a customer's office, without missing cues for making immediate decisions or relaying inspiring ideas.

- **As flexible as you are**

Available in a choice of white or black with stylish design, the unit blends into any home or corporate office decor. Its small, lightweight, and space-saving design is perfect for portability and for deployment at laptop or mobile terminals. A headset jack allows for private listening and the option to enjoy music through the unit between calls.
