

KAC-CAM-CC-10

Content Camera

Integrated with Microsoft Teams AI, this camera smartly detects whiteboards and auto-adjusts to capture the full view. It enhances your content with features like image sharpening, contrast adjustments, and a transparent overlay of the presenter for a clearer, more engaging presentation.

Built to last and incredibly easy to set up in any meeting space, the KAC-CAM-CC-10 comes with an adjustable whiteboard mount for perfect positioning. It's an ideal tool for enhancing team collaboration and brainstorming in hybrid meetings, thanks to its integration with Microsoft Teams' AI content enhancement features. Share, collaborate, and innovate effortlessly with the KAC-CAM-CC-10 content camera.

FEATURES

Effortless Whiteboard Sharing: - Simplifies sharing content for both in-room and remote Microsoft Teams meeting participants

High-Quality Visuals: - Provides 1080p full HD video and 3x digital zoom, ensuring clear and detailed images

Secure and Reliable: - Comes with a privacy shutter, offering security and clarity

Easy Setup and Durable Design: - Quick to install with an adjustable mount, perfect for any meeting space and built to last
