

MARINA™ POWER DOCK

## Marina™ Power Dock

# POWER, CHARGING, AND STORAGE FOR TODAY'S MEETING SPACES

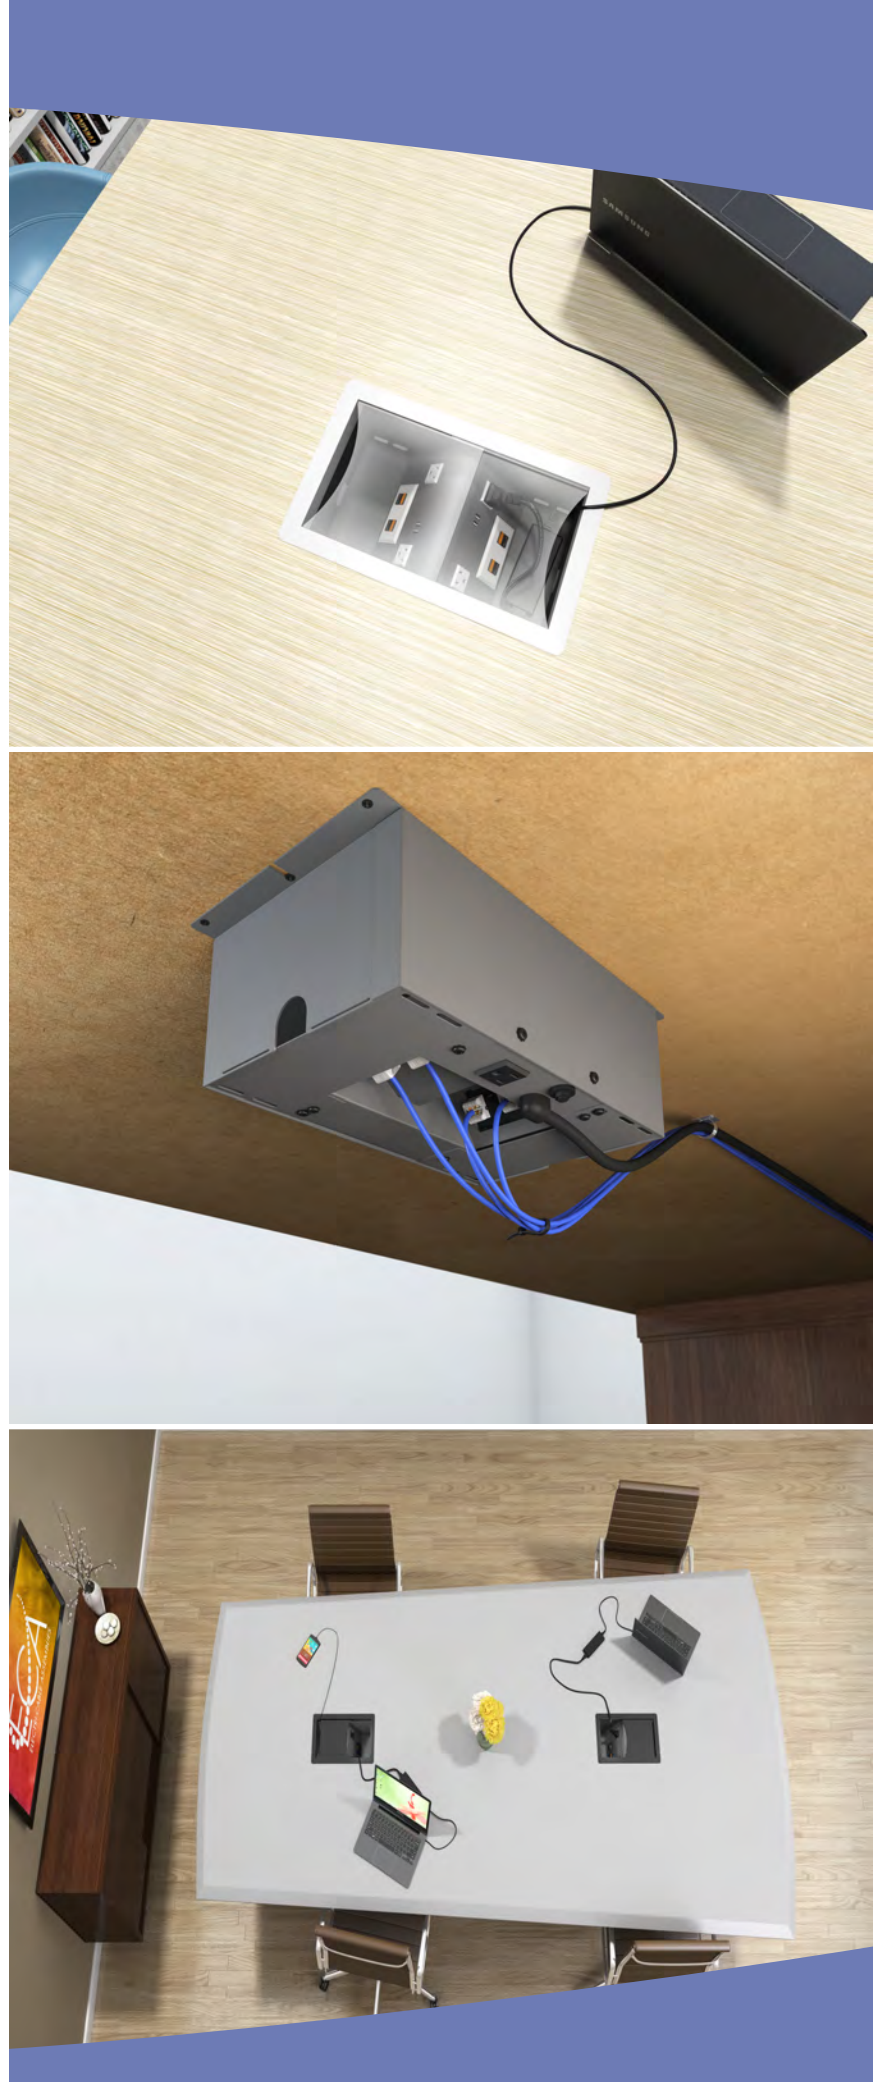

The Marina Power Dock is a sleek and powerful solution designed to tackle the challenges faced by today's meeting rooms. Power, USB charging ports, and data capabilities are provided on both sides of the unit allowing users easy access from any seat. Sliding doors open to reveal a deep cable compartment with ample storage for excess cabling, remotes, or other accessories to help keep work surfaces clean.

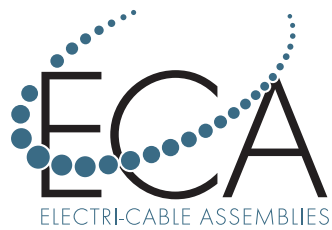

## THE MARINA™ POWER DOCK PROVIDES:

- **Enhanced 2.1 Amp USB ports** giving users additional opportunity to charge mobile phones and tablets even while in use so you never have to be without your favorite devices!
- **Built in openings** for customizable telecom plates that can be configured with a wide range of data or audio visual components to accommodate individual project needs.
- **A convenience outlet** on the bottom of the unit allowing customers to utilize power below the work surface ideal for ancillary accessories.
- **A flexible two piece solution** consisting of a power base that is easily mounted to the underside of the table. A separate grommet is dropped in from the table top and available in a variety of finishes, or be creative and design your own for a unique custom look.

Marina Power Dock comes standard with a Graphite Gray power base and a variety of grommet finishes including Black, Silver, Gloss White, and Brushed Clear or Black Aluminum.
