

Actually, the sky isn't even the limit.

With Byrne’s MyPower family of products, our customizable tops are all about possibilities. Fabrics, metals, leathers. Molded plastics in any color of the rainbow. And any pattern or image you can imagine. (Of course that includes company logos.) You can even add functionality with a whiteboard surface or refillable sticky notes. MyPower. The desktop just got a lot more interesting.

{Nacre} Subtle. Or sophisticated. Maybe even snazzy. But always so stylish. From felt and leather to color and pattern, Nacre's customizable top—trimmed with a high-gloss plastic finish—is all about creative expression. And just below the surface, Nacre pops up to reveal a dynamic range of power with Spill-Proof Technology outlets, data and USB configurations—including the 2 amp USB duplex that allows users to charge two tablets or other USB-friendly electronics. Nacre is UL approved and is available in a 15 amp cord. To learn more, visit us at www.byrne-electrical.com.
