

# 5U Rack Mount for NetworkHD™ 100/200 Series Products

## NHD-000-RACK

# NETWORK HD

12 Slots for any combination of NetworkHD 100/200 Series Encoders, NHD-000-CTL Controller and ENA-MINI-010 Enado Mini IP Control solution

*WyreStorm - Because the Technology Matters.*

## Introduction

The NHD-000-RACK is a 5U rack mount that provides a clean installation for up to 12 NetworkHD™ 100/200 series encoders. Mounting brackets for NHD-000-CTL NetworkHD controller and an ENA-MINI-010 Enado mini IP Controller are also included allowing for all required devices to be installed in a single location.

Keeping your components safe and sound is vital to any successful installation and the NHD-000-RACK does just that with a steel housing designed for rack-mounting multiple 100 and 200-Series devices within a central location for a secure and organized rack solution for any NetworkHD installation.

Please note the NHD-000-RACK is not compatible with the NetworkHD 400 or 600 series encoders or all series decoders - for applications where this is required please use other NetworkHD™ rack systems.

## Key Features

- Specifically designed for organizing NetworkHD 100 and 200 Series components within main rack location
- De-clutters rack, improves cable management, port identification and unit access
- Vertical slot installation supports any combination of up to 12 components
- Strong, steel enclosure construction keeps hardware secure and protected
- Provides ideal component heat dissipation and airflow - a key factor in increasing reliability and product lifespan
- Units secured via brackets, rails and front panel screws
- Compact design
- 5U height
- All mounting hardware provided: rack, brackets, rails and screws

## In the Box

1x NHD-000-RACK Chassis  
2x Rack Mount Brackets  
10x NetworkHD 100/200 series Transmitter Mounting Plates  
1x NetworkHD 100/200 Series Controller Mounting Plates

1x Enado Mini Controller Mounting Plate  
4x Blank Plates  
Assorted Screws to Attach Rack Mount Brackets and Mounting Plates

## Specifications

Dimensions and Weight	
Height	8.7in/221.1mm
Width	19.0in/482.6mm
Depth	4.7in/120.0mm
Weight	1.85kg/4.0lbs
Slots	12
Compatible with:	NetworkHD 100/200 Series Encoders NHD-000-CTL Controller ENA-MINI-010 Enado Mini IP Control solution
