

# Leading THE CHARGE!™

Self Contained Chargers with the Compatibility and Power  
you need for all of your Personal Devices

## SELF CONTAINED

**FSR chargers support the latest 12 Watt charging standards to maintain a full charge in the fastest possible time.**

### DC Powered USB Chargers

FSR offers a full line of charging solutions for your iPhone®, iPad® or any smart device in a variety of form factors to meet your installation requirements. The chargers communicate with your device and provide it the correct charging wattage, up to a full 12 watts. All models come complete with a universal power supply.

### POE to USB Chargers

Using FSR's PoE to USB chargers, you can power and charge USB devices such as an iPad® from a POE-Ethernet drop without the need for AC line power. The IT-CHRG-P2U "cube style" model can be mounted in a 2-gang wall box behind any wall mounted USB device. Both units emulate the Apple™ charging circuit to avoid annoying pop-ups. The IT-WPCHRG-P2U Decora style models fit directly into a standard gang box and are available with white or black cover plates.

- Powers/charges USB devices without an AC line
- Universal USB charger
- Power "ON" indicator
- IEEE 802.3at (802.3at Type 1) Class 0 compliant

IT-WPCHRG-

- POE to USB Universal, Charger Wall
- Available in White or Black

### Distribution for FSR's DC Powered USB Chargers - SS-USB-CHRG-PS6

FSR offers a full line of charging solutions for your iPhone®, iPad® or any smart device.

- 1-RU (1.75") high, low-voltage distribution board
- Two mounting holes are provided to attach to the rear rack rails in a rack
- All connections are via captive-screw terminals
- Power supply is included to handle up to 6 remote FSR DC Powered USB Chargers
- On-Board LED power indicator
- Inexpensive solution for remote USB power distribution

## IT-SACWP

The IT-SACWP Wallplate provides convenient, remotely switched AC to power Projectors, displays and other AC powered devices via a low voltage hard wired control input. Intended applications are for remote load switching within one of our floor boxes or PWB wall boxes. The unit is easily mounted in FSR's CB-series, PWB series, WB-X series, Floor Boxes, HuddleVU kits, flex control series, top shelf, etc. allowing remote AC power control of amplifiers, switchers and more.

## IT-CHRG-P2U

- POE to USB Universal, Charger Cube

## TC-WC1

Wireless Charging Designed for Furniture Integration. Charges all Qi Standard Compatible Devices.
