

## TAVIS Thermal AudioVisual Integrated Solution

### About TAVIS and this guide:

TAVIS (Thermal AudioVisual Integrated Solution) is designed to detect temperature anomalies. It's important to understand there are many factors, including environmental and physiological that can impact a person's surface temperature reading. Skin surface temperature vs actual core body temperature may differ either way. TAVIS must be operated in accordance with the manufacturer's user guide. **TAVIS is not intended nor designed to diagnose or detect medical conditions including, but not limited to, viruses or other illnesses.** TAVIS should only be used to detect variations in surface temperature. Absence of an elevated skin temperature does not preclude a fever.

ReAX™ Core Studio is a free software tool which significantly increases the potential of the TAVIS series allowing full customization of the interface and communication to 3<sup>rd</sup> party equipment.

### Power and Other Connections:

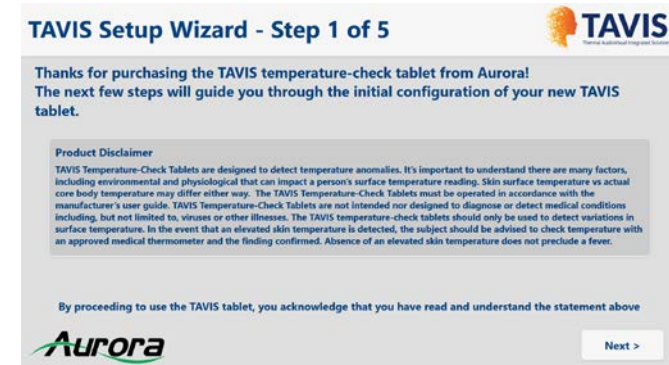

First, remove the plastic cover on the lower back side of the tablet.

To power TAVIS, connect either the 12V power supply to the DC port or use PoE LAN (TAV-10 PoE, TAV-15 PoE+, TAV-21 PoE++).

*Note: The Thermal Camera Module can be mounted for Portrait or Landscape usage. Refer to the User Guide for more details.*

### Software Setup:

1. The setup wizard will run when you first power on the device. Please read the disclaimer and click "Next" to continue.
2. Configure your network settings, if any.
3. Choose between Fahrenheit and Celsius. Then enter the maximum allowed temperature and whether or not to require a face mask.
4. Calibrate your device by following the instructions on screen.
5. Set your pin code to access the security settings again in the future.

To access your settings again, click the "⚙️" in the bottom right corner and enter your pin. If you have not entered your own pin, you can access the menu by entering the default value of "12345".

## TAVIS Mounting Options:

WMT-1 Wall Mount

APS-1 Pole Stand

APS-2 Adjustable Stand

DTM-3 Desktop Mount

DTM-4 Desktop Mount

## General Mounting Instructions:

- Align the mount holes on the rear of the TAVIS tablet with the stand's mount holes.
- Attach the mount to the tablet using the included screws.

## TAVIS Specifications Quick Reference:

	TAV-10	TAV-15	TAV-21
<b>Resolution</b>	10"	15.6"	21.5"
<b>Aspect Ratio</b>	16:10	16:9	
<b>CPU</b>	RK3399 Six Core Processor 1.8GHz/1.4GHz		
<b>RAM/ROM</b>	4GB/32GB		
<b>OS</b>	Android 9/Linux Debian 9 (Coming Q1)		
<b>Speaker</b>	2W x 2	3W x 2	
<b>Bluetooth</b>	EDR 4.0		
<b>Wi-Fi</b>	802.11 b/g/n/ac 2.4GHz and 5GHz		
<b>Inputs / Outputs</b>	<ul style="list-style-type: none"> <li>● 12v DC Input</li> <li>● 3.5mm Audio Line L/R Out</li> <li>● HDMI 2.0 Output</li> <li>● SD Card Slot, SIM Card Slot (4G Option)</li> <li>● USB Type C, USB 3.0, USB 2.0</li> <li>● 1G LAN PoE</li> </ul>		
<b>AV Capability</b>	Front Facing 2MP Binocular		
<b>Included in Box</b>	Tablet, Power Adaptor, Power cable		
<b>Thermal Sensor</b>	80x64 Heimann		
<b>Mounting</b>	VESA 75	VESA 75	VESA 100
<b>Consumption</b>	11W	15W	32W
<b>Power Input</b>	12V 2A	12V 3A	
<b>Certification</b>	CE, FCC, ROHS		
<b>Warranty</b>	3 Years		
<b>Sensor Range</b>	0.3m – 1.5m, 30°C - 45°C		
<b>Size (W x D x H)</b>	258 x 27 x 175mm	392 x 241.6 x 29.6mm	597 x 321.2 x 35.5mm
<b>Product Weight</b>	700g	1.4Kg	3.8Kg
<b>Box Size</b>	378 x 62 x 278mm	442 x 388 x 112mm	593 x 465 x 98mm
