Easy connectivity.

Ensures the highest standard of electrical safety.

**TNP528 / TNP528C**  
**Interconnect Boxes**

## Benefit

## Advantages:

- Standard TNP528 employs a black matte finish. TNP528C is also available in brushed aluminum and the black Reflection Series mirror finishes.
- TNP528 Interconnect Box makes the tabletop connection point attractive—creating a high-tech visual aesthetic that complements the décor of any boardroom / presentation space.
- All TNP528 connectors have 6-foot (2 m) cables attached that feed through to the bottom of the unit .
- In its closed position, the TNP528's top panel lies flush with the table's top. TNP528's input plate is accessed by pushing down on the top cover. Unit then auto-tints open with assistance from the new leaf-spring mechanism.
