

VCO-1

Single Port HDMI Video Content Overlay
Solution

| HDMI | Ethernet - RJ-45

The VCO1 is a Webbased, video content overlay solution that overlays one independent graphic image to any number of displays over standard HDMI in full HD – 1080p/60 or 1920x1200 resolution. This allows the display of individual, targeted messages for each and every display in your installation

FEATURES

- Full HD Overlays - Static or animated, dynamic color image
- Overlays Any Size Content with Full Transparency Control
- Multiple Overlay Templates - For multiple applications
- Built-in Looping Output - For daisy chaining any number of displays
- Centralized Control of all Promotional Overlays
- Support for Unlimited Number of Overlays and Displays
- Web Browser - Accessible from any Web browser, anywhere around the world, securely
- Error Reporting - Comprehensive error reporting for connected displays and overlays
- Full Overlay Automation - Automates entire overlay process from design to display, in multiple locations
- Easy to Use - Feature-rich software – design, schedule, and display
- Enables Digital Signage with Unlimited Viewing Zones
- USB Switcher
- Flexible Control - OnScreen Display (OSD), builtin Web browser
