

## VIAware Quick Installation Guide

### 1. INTRODUCTION

**With VIAware, you can use all the advanced wireless presentation and collaboration tools offered by VIA Campus on your own PC. VIAware enhances collaborative meetings in corporate environments and interactive learning in education and training environments.**

### 2. REQUIREMENTS

A desktop PC is required with the following minimum specifications:

- Processor: 2.9GHz quad core, low power consumption
- Memory: minimum 4GB, high speed
- Storage: minimum 60GB
- LAN Port: Gigabit LAN port, 10/100/1000/auto
- OS: Windows® 10 – 64 bit

### 3. INSTALLATION INSTRUCTIONS

#### 3.1. CREATE LOCAL USER

1. Click > **Start** > **Settings** > **Accounts**
2. In the left menu, select **Family & other users**.
3. Click **Add someone else to this PC**.
4. At the bottom, click **I don't have this person's sign-in information**.
5. Click **Add a user without a Microsoft account**.
6. Enter a username and, if desired, a password.
7. Select the newly created local user and change the account type from Standard User to **Administrator**.

## 3.2. INSTALLING VIA

1. Login to the user account created in Create Local User.
2. Copy the `VIASetup_Software.exe` to a local folder.  
Note: This step eliminates delay and errors due to connectivity issues.
3. Double-click `VIASetup_Software.exe`.  
The message appears: “Do you want to allow the following program from an unknown publisher to make changes to this computer?”
4. Click **Yes** and wait for the following window to appear. It may take a couple of minutes.

5. Click **Install** and wait for the progress bar to fill.

Note: Blank screens appear that require no input from user.

6. When the Completing the VIA Setup Wizard screen appears, select **Yes**, **restart the computer now** and click **Finish**.

The computer restarts and logs in to the new account created in Create Local User.

7. Connect your PC to a local network. The launch screen appears.

Your VIA software installation is now ready to use.

For more information, see the *VIAware User's Manual* on the Kramer website.
