HDMI CABLES

XHD™ Series 24 AWG High Speed HDMI Cable with Ethernet

Comprehensive X3V High Speed HDMI cables with Ethernet feature 10.2 Gbps, 4Kx2k resolution, 3D capability and are specifically designed for Home Theater, Pro AV and all heavy duty and long distance applications. Unlike standard HDMI cables that can only transmit 1080p up to 15ft, X3V HDMI cables can transmit HDMI as long as 50ft usually without the need for an extender or a repeater. X3V HDMI cables utilize a large 24 gauge OFC (oxygen free copper) center conductor to ensure extremely low attenuation and excellent signal transfer for high definition HDTV cable performance over longer distances than traditional hdmi cables. Ethernet capability allows for networking of audio-visual and computer components. X3V HDMI cables support the latest in HDMI technology including high speeds of up to 10.2 Gbps, Deep Color, and Dolby True HD and DTS-HD Master audio. X3V HDMI cables also have an audio return channel, are 3-D capable and support for 4K resolution. Premium triple shielding provides maximum rejection of all EM and RF interference and 24k gold connectors ensure superior connectivity. UL rated cable and CL3 rating makes this the perfect cable for commercial and residential installations. Our Lifetime Warranty means a lifetime of worry-free HD performance.   **When it has to work, it has to be Comprehensive!**
